

haast

ON THE EDGE OF THE WILDERNESS

The Haast region covers over 250 square kilometres of one of the World's most diverse and spectacular landscapes. In 1990 this area was internationally recognised as a location of significant natural value and became centrepiece of Te Wāhipounamu - *The South West New Zealand World Heritage Area*.

The Haast is the perfect destination to explore some of New Zealand's most unique scenery and wildlife. It is the seasonal home to Fiordland Crested and Little Blue Penguins. The rainforests, rivers and sea are here for you to experience and enjoy. A wide range of accommodation, eateries, services and activities are available in The Haast... on the edge of wilderness.
